2) Repaired

3 & 4) Painted & Relined -- Ready for Service

Compression Molded Parts – We'll Use Your Mold or Design One for You:

Geho Pump Diaphragm

Custom-Molded Diaphragms

Splash Guards

Dart Plugs

Metering Sleeves

Gaskets ~ O-Rings ~ Expansion Joints:

Ball Mill Feed Throat
Gasket

Custom-Order O-Rings
from Exotic Material

Expansion Joints

About Us

Our President, Account Manager, Shop Foreman, and Field supervisors have over 130 years of combined experience in various rubber lining applications and process improvements. Our staff is dedicated to customer satisfaction. We are second to none when it comes to innovation, integrity, honesty, quality, and safety. If you need a free quote on your next project, give us a call!

All field service employees are MSHA/OSHA trained and
take site-specific training

VPL is PDA Certified, Blair Rubber Certified, and MSHA Compliant

We have a dedicated Environmental Health & Safety Director and are continually training our staff in safety and compliance with Avetta Certification and ISNetwork.

VPL can remove old linings, and then repair, line, and paint parts as required

Pick-up and delivery services are available for parts of all sizes

If you require rubber lining or field repairs and rubber molds,
Vulcan Precision Linings is the logical choice
